Advantages of the Demorest

Constructed on the lock-stitch principle of the very best materials. Hardened steel bearings. It has an automatic take-up which operates noiselessly. Perfect double feed. The shuttle is absolutely self-threading. The tension in the shuttle is perfect. A thumb screw on the arm regulates the stitch. By means of a simple device the needle cannot be set wrong. The bobbin-winder operates independently of the machine. No superfluous springs to get out of order. The machine is absolutely noiseless.
